MARK
508 / 600

SUMMARY

Skilled in building attractive and user-friendly websites, proficient in HTML, CSS, and JavaScript, with expertise in React.js. Capable of transforming design ideas into responsive, dynamic sites. Passionate about staying current with front-end trends and excited to work on dynamic projects. Excellent at collaborating with teams to create outstanding user experiences.

MY OPEN-SOURCE WORK

Restro Food
📅 06/2022   📍 remote
Fully functional food ordering site
TECH STACK - Wordpress,Xamp
- Developed a WordPress-based food ordering site with roles for Users, Branch Managers, and Delivery Boys.
- Customers browse menus, place orders, and receive email confirmations.
- Branch Managers manage orders, update statuses, generate invoices, and maintain customer details.
- Used Foodbook theme and plugins; hosted on XAMPP server.
- Future plans include adding delivery assignments, online payments, and location features.

Portfolio
🔗 https://github.com/sunilkumar1701/personal-portfolio
My Personal Portfolio Showcase
TECH STACK - Html,Css,Js,Bootstrap
- My portfolio's story unfolds line by line, from HTML to CSS to JavaScript.
- Showcased expertise in front-end technologies like React.js and responsive design principles through featured projects.
- Designed with modern aesthetics to enhance usability and visual appeal.
- Received acclaim for its interactive features and overall design quality, demonstrating strong proficiency in web development and user experience design.

EXPERIENCE

Web Developer Intern
Mercado monarch
📅 01/2024 - 04/2024   📍 WFH
- I joined as a web developer intern through LinkedIn
- created a landing page for the company, which is now being used as their official site.

Web Developer Intern
Innovixion Tech
📅 12/2023 - 01/2024   📍 WFH
- I had the opportunity to tackle three exciting tasks: Personal Portfolio,Countdown Task and creating a dynamic Quizz web
- Stay up-to-date with emerging trends and technologies in front-end developments
